AMAZING FANTASY OMNIBUS HC

Written by STAN LEE
Penciled by STEVE DITKO, JACK KIRBY, DON HECK & PAUL REINMAN
Cover by STEVE DITKO

Across six issues of truly amazing adventures, Lee, Kirby, and Ditko dreamed up a cadre of ten-story tall menaces from Torr to Manoo to the one and only Monsteroso to trash unwitting Earthlings on a month-in and month-out basis. Backed up by weird tales of wax museums, witchcraft, Martians, and the occult master who set the trenchcoat trend in comics, Dr. Druid, it seemed these titanic tales could never be topped.

And then Stan Lee and Steve Ditko did just that by launching "The Magazine That Respects Your Intelligence!" An all-new approach for the young comics sophisticate, Amazing Adult Fantasy presented Twilight Zone-tinged tales of otherworldly aliens, time travel, ghosts, atomic nightmares, and maybe even the secret of the universe itself. With story after lushly-illustrated story, Ditko set a new standard for comic book illustration, and Lee raised the bar ever higher with his scintillating scripts.

And, oh, in the last issue they created some guy named "Spider-Man."

Collecting this lynchpin series of Marvel Comics' history for the first time ever, the Amazing Fantasy Omnibus puts AMAZING ADVENTURES #1-6, AMAZING ADULT FANTASY #7-14 and AMAZING FANTASY #15 between two hardcovers 45 years in the making.

Deadpool has decided to face the skeletons in his closet, dive deep into that dark void he calls a soul and rattle things up a bit. First order of business: Taskmaster. Second order of business: a knock-down drag-out BRAWL! Plus: The aftermath of the X-Men's battle against the Hecatomb has cost Cable a huge chunk of his island paradise of Providence and an even bigger slice of his soul. GHOST RIDER VOL. 2: THE LIFE & DEATH OF JOHNNY BLAZE TPB

Written by DANIEL WAY
Penciled by RICHARD CORBEN, JAVIER SALTARES & MARK TEXEIRA
Cover by ARTHUR SUYDAM

How did Johnny Blaze end up in Hell, anyway? It's simple, really: He died. And when he died, his eternal soul – long promised to Hell in exchange for "saving" Crash Simpson – descended into the Pit, taking the Ghost Rider along with it. This is the story of how and why it all happened, courtesy of writer Daniel Way and horror-comic legend Richard Corben. Plus: In a small town northeast of Chicago, people are losing their heads...literally. The sheriff of this sleepy little town firmly believes he's found the culprit – a scruffy drifter found sleeping in the bushes with blood on his clothes and no believable explanation for where he was and what he was doing when the murders occurred. He even gave the sheriff a fake name: "Johnny Blaze." But the identity of the true culprit is even more macabre: Lucifer has taken up residence in a new host – a casualty of Civil War who's bound to raise eyebrows! Collecting GHOST RIDER #6-11
